

THE ROMANTIC ECONOMIST: IMAGINATION IN ECONOMICS

Since economies are dynamic processes driven by creativity, social norms, and emotions as well as rational calculation, why do economists largely study them using static equilibrium models and narrow rationalistic assumptions? Economic activity is as much a function of imagination and social sentiments as of the rational optimisation of given preferences and goods. In this book, Richard Bronk argues that...

Reader's Opinions

Un llamado a usar la imaginación en la construcción de mejores modelos económicos, a dejar de lado al Homo Economicus como paradigma central del pensamiento económico y abrazar una construcción que mezcle a los otros dos "hominidos" el Homo Sociologicus y el Homo Romanticus. El libro toma prestadas ideas de la filosofía del romanticismo del...
