

THE OTHER ME

THE OTHER ME spans from 1930s Germany to 1990s England as Saskia Sarginson explores whether our identities are tied to where we came from, and if it's possible that sometimes history doesn't get the story right. 1986, London - Klaudia is about to...

Peek Inside the Book

We are like ghosts whispering around the edges of each other's lives. Or perhaps it's more like a cruel farce with one of us entering the stage, just as the other leaves. Saskia Sarginson, The Other Me //

Reader's Opinions

This book had a lot going for it, but there were a few big things that irked me enough to considerably lower my rating. One was how long the story held out before...

I had a serious debate with myself as to whether I should give this book three or four stars. As you can see, in the end, I decided upon three stars. I realised that, despite those moments in which I believed the book could make it to a full four stars, there wasn't quite enough to be rounded up. I'll start with a small amusing detail...
