## Reader's Opinions

Note to Bonny--this is another fun series for the adventures! This is science based--each book deals with a kid learning lots about science through his random experiments. I remember this one having lots of (gross)nose related info.

Grades K-3. RL 500. A friend recommended this series for my son who is a picky reader. This has all the gross of captain underpants and all the education of magic tree house. I love the science facts that are tucked into this really hilarious story of a boy, his friend, and a robot that are accidentally shrunk down to the size of something...
