

DELIVERING E-LEARNING: A COMPLETE STRATEGY FOR DESIGN, APPLICATION AND ASSESSMENT

Delivering E-Learning describes a new and better way of understanding e-learning. The author looks at overcoming objections to e-learning and acknowledging poor past practice before presenting a new strategic approach. It places the emphasis firmly on learning, not the technology, de-mystifying the jargon and de-bunking industry myths. The current way most people look...

Reader's Opinions

The author Kenneth Fee through this book presents a complete strategy of design, application and assessment of e-learning initiatives. The focus of this book is on the process of learning rather than on the digital technologies that enable e-learning. Quite a concise,...

I'm really glad to find this book it's exactly what i need to know about E-Learning and compare it to other researches it gave me a full understanding of E-Learning and kept me away from their misleading definitions..i would like to thank the author for this master piece.
