

BUG MUSIC: HOW INSECTS GAVE US RHYTHM AND NOISE

In the spring of 2013 the cicadas in the Northeastern United States will yet again emerge from their seventeen-year cycle—the longest gestation period of any animal. Those who experience this great sonic invasion compare their sense of wonder to the...

Reader's Opinions

Enjoyable read but his previous books about bird and whale songs have more grist. Listen to my interview with the author here: <http://www.wfmu.org/playlists/shows/5...>

Would like to finish this some day...
