## Reader's Opinions

What a wonderful short read. Lisa Crane has done a wonderful job of turning a person who dislikes short stories and hates time travel books into a true fan. The story is complete. I don't feel left hanging like I do with other books. The time travel is interesting and well done with an interesting twist at the end. This is a must read....

what a great book to read, short and also got it free on amazon.. I'm a newbie to Lisa Crane write but I absolutely love this book of hers. it take you back in time to when men actually. took care of the women, and couples stayed together.. it just kept you inteag throughout, the whole book..
