Reader's Opinions

At times, it seems like this comic is trying really hard to make its title make sense. Titular issues aside, I actually enjoyed how this comic went. It involves the Wizard (a character who shows up from time to time, but who I don't know terribly well), who is apparently dying and going mad. I don't know the Wizard all that well, but...

Not a bad read by any means, though I was expecting more of the 'superior' Carnage. In the end we got the same old carnage that, though entertaining was not what I was hoping for given his new host. The art work was great but the story was same old.
